Profile Summary

Detail-oriented QA/QC Engineer and AutoCAD Draftsman with 2.5 years of direct UAE experience in electrical utilities manufacturing, aluminium facades, and civil construction across Fujairah, Ajman and Dubai. I specialize In ISO 9001:2015 quality documentation (NCR, MIR, WIR), material testing (TERT, Dielectric, Tensile), and producing technical AutoCAD shop drawings for industrial and commercial projects. Proven track record supporting clients and audits with zero non-conformities for projects in the GCC region.

Work Experience

Quality Control Supervisor

Sep 2021 – Oct 2022

REPL Engineering Limited | Fujairah Free Zone, UAE

Electrical utility manufacturing company specializing in heat shrink and cold shrink tubing.

- Performed daily material and product testing (TERT, dielectric strength, tensile, volume resistivity) ensuring alignment with ISO 9001:2015 and client specifications
 - Improved testing documentation and NCR reporting accuracy, contributing to reduced rejection trends and faster issue resolution
 - Prepared daily QC reports, inspection logs, and traceable documentation supporting smooth external technical audits
 - Demonstrated testing procedures during client reviews helping achieve successful audit outcomes and product approvals
 - Produced AutoCAD facility layout drawings used for Fujairah free zone expansion planning and Workflow Optimization
-

AutoCAD Draftsman

Oct 2020 – Aug 2021

Arabian Aluminium & Glassworks | Ajman, UAE

Manufacturing and fitting service for aluminium and glass work across various sectors.

- Produced shop drawings for aluminium windows, doors, and facade fit outs based on architectural reference plans for GCC projects
 - Reviewed “Issued for construction” (IFC) drawings to identify discrepancies and coordinated with site engineers to resolve design conflicts
 - Prepared accurate quotations, invoices, and delivery notes, ensuring timely billing and material delivery to sites
 - Ensured shop drawings met client standards and consultant requirements supporting smooth approval process
-

GBH International Contracting LLC | Dubai, UAE

A contracting company focusing on construction services in UAE.

- Conducted daily site Inspections for blockwork, plastering, painting, and concrete works ensuring execution per project drawings
- Updated WIR, MIR, and concrete pouring records in real-time, ensuring audit-ready documentations for consultant and Dubai Municipality Inspections
- Identified site defects and coordinated corrective actions to avoid rework and schedule impact

Technical Skills

QA/QC & Standards: ISO 9001:2015, ITP (Inspection Test Reports), NCR (Non-Conformance Reports), MIR/WIR, Dubai Municipality Standards, ASTM Standards.

Material Testing: TERT (Tracking & Erosion Resistance), Dielectric Strength, Volume resistivity, Tensile Strength, Torching Test.

Design and drafting: AutoCAD 2D, Building layouts, façade drawings, section and shop drawings.

Documentation: QC logs, Rejection Reports, Daily/Monthly Reports, Technical Submittals, Inspection Reports, Audit Support, Excel Tracking.

Software: AutoCAD 2D, MS Excel, MS Word, MS Outlook.

Education

Bachelor of Technology in Civil Engineering

Jul 2015 – Sep 2019

Crescent University | Chennai, India

Languages

English (Fluent)

Hindi (Advanced)
